

25/8/06

I am pleased to recommend the work of Lee Essex contractors. They were contracted by Ian Williams to refit my kitchen after a flood in May 2006. I was helped to design and choose my kitchen units, and I was given the opportunity to change my mind easily and ask a range of questions to ensure that I got the kitchen that I wanted.

The work was completed to a high standard and tailored to my needs. For example, I needed to have a lock fitted to one set of units. This problem was solved professionally and effectively and the lock did not detract from the look of the kitchen.

The final look of the kitchen is very good. Lee Essex was keen to ensure that the job was completed thoroughly and to a high standard.

Jo Allmand

A handwritten signature in dark ink that reads "Jo Allmand". The signature is written in a cursive style with a large initial "J".
